

## Urban Community Ministries Youth Intern

Do you want a chance to live out your faith in the inner-city of Memphis? Do you have a desire to work with youth to empower them to see who they are in Christ? Do you have the ability to mentor and tutor youth, and work as a liaison between their school and home? If so, we've been looking for **you!**

Urban Community Ministries is a small inner-city Memphis ministry endeavoring to build up families one child at a time. We are located in the 38126, the poorest zip code in the Memphis area with a 60.9% poverty rate. Our mission is reaching out in the inner city to build strong families and equip future leaders. We are unashamedly committed to Christ and see salvation and education as the key factors in reaching our goals.

We're looking for an intern to work in our after school and summer safe haven programs. This is a paid internship opportunity but could develop into more. The successful candidate must have a strong biblical foundation, love for the Lord and His people, a valid driver license, and a minimum high school diploma with verifiable references. Must pass background checks and may be required to submit to drug/alcohol screenings.

Interested applicants should send resume and references to Donna Walker @ [ucm.1@mail.com](mailto:ucm.1@mail.com).
